— RELAXATION IS A QUESTION OF COMFORT

According to this motto Silvervision offers you exclusivity and individuality in the area of passenger transport and is your competent Partner for upmarket travels in the conference, business or limousine segment.

Especially focused on the needs of today's business world, Silvervision as an exclusive provider has set itself to offer upscale services to ambitious clients.

Silvervision – this name stands for individuality in connection with a modern spirit and tradition, flexibility and reliability.

Our long-standing experience in the VIP and business range ensures your safety.

CONFERENCE VEHICLES ARE THE STARS OF BUS FLEETS

The Travego models by Mercedes Benz are symbols for quality, safety and comfort at the highest level.

These are luxury buses that are in line with the high environmental and safety standards our clients expect.

These vehicles offer a maximal seat spacing and promise a pleasant trip.

In this comfortable travel atmosphere you can enjoy state-of-the-art entertainment electronics:
DVD, DVB-T-TV or an i-Pod plug for your pastime.

— CANAPES, FINGER FOOD OR BUFFET – BUS CATERING ACCORDING TO YOUR WISHES

Enjoy canapes, finger food or our exclusive breakfast buffet on the road with Silvervision.

Our large choice of canapes, finger food and our select breakfast buffet leave nothing to be desired.

If requested, our well-trained travel and service personnel will be glad to serve you.

They will serve a choice of finger food or canapes or prepare a premium buffet at your will.

For this purpose, our conference buses are equipped with fully furnished kitchens. In addition we offer a large choice of beverages.

We take care of your well-being. Our meals and drinks are served on stylish tableware made of china and glass.

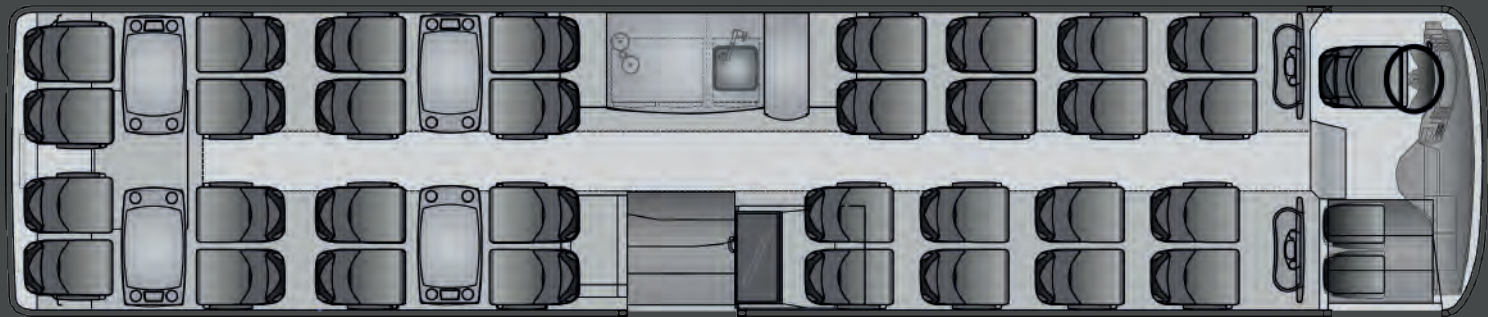

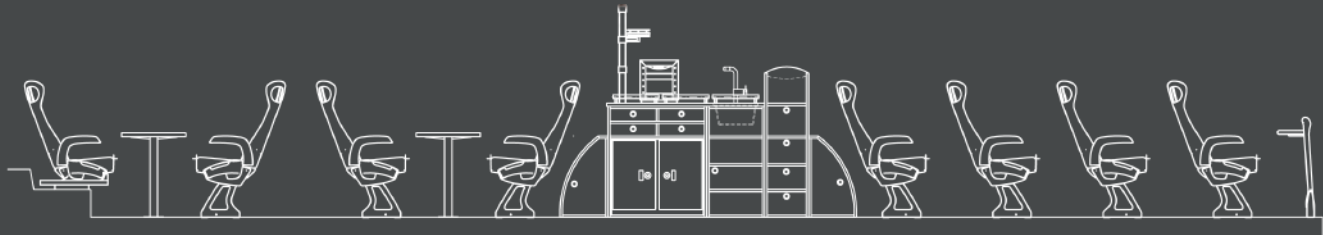

THESE CONFERENCE VEHICLES ALLOW CUSTOMIZED TRAVELLING

In order for you to be able to observe the planned timeframe for your meetings, we equipped die conference buses with leather seats and different vis-à-vis conference tables. Among other things you can:

Watch VGA presentations on our on board 19" TFT monitors.

That way you will feel like in your office not in an exclusive conference vehicle.

WE CARE ABOUT THE ENVIRONMENT

At Silvervision we set great value upon an environmental focus.

We also focus on environmental awareness; we therefore like to stress that our vehicles have EURO EEV as well as EURO 6 engines.

Of course, we also pay attention to sustainability when it comes to our personnel and our vehicles' equipment.

Our drivers complete an eco training in which they learn how to drive in an environment-conscious way.

BRANDING

Individual Branding – Your company logo on our luxury buses

At Silvervision, your individual branding or your own logo can be incorporated.

Would you like to use our discreet black vehicles with your own individual branding or logo?

No problem! We want you to be able to identify yourself entirely with the chosen vehicle.
