

SILVERVISION[®]
PREMIUM COACH SERVICE

We move you

www.silvervision.de

RELAXATION IS A QUESTION OF COMFORT

According to this motto Silvervision offers you exclusivity and individuality in the area of passenger transport and is your competent Partner for upmarket travels in the conference, business or limousine segment.

Especially focused on the needs of today's business world, Silvervision as an exclusive provider has set itself to offer upscale services to ambitious clients.

Silvervision – this name stands for individuality in connection with a modern spirit and tradition, flexibility and reliability.

Our long-standing experience in the VIP and business range ensures your safety.

WE PLAN YOUR TRIP

Our service aims at agencies, offices, companies and private individuals: Whether you are planning a round trip with overnight stays in the best hotels in Germany, need an exclusive and unbranded vehicle fleet for transfers during a fair, or would like to invite your team to experience a city break with a remarkable programme:

We plan your customized exclusive weekend trip, business trip, city break, musical trip or wellness trip.

— OUR LUXURY VEHICLES OFFER LEATHER FURNISHINGS, COMFORTABLE SEAT SPACING AND MUCH MORE —

Enjoy the luxury: Leather seats, air conditioning, conference tables. State-of-the-art entertainment electronics like DVD, DVB-T-TV on integrated TFT monitors, iPod plugs and VGA interfaces.

Our vehicles with their leather furnishings and comfortable seat spacing are VIP Class and impress with their modern visual appearance. It's not only the exclusive leather furnishings and the comfortable seat spacing that will win you over.

We also focus on environmental awareness; we therefore like to stress that our vehicles have at least EURO EEV as well as EURO 6 engines. In addition, the design of our vehicles offers a maximum degree of safety. Our drivers complete a safe driving training to be able to cope with dangerous situations.

We guarantee: you receive a full service package, not only focusing on visual details like leather furnishings or seat spacing.

BUSINESS AND CONFERENCE VEHICLE SERVICE IN ALL OF GERMANY

Together with our partners, we offer a comprehensive business and conference bus service in all of Germany.

The outer appearance of our vehicles is dark and shows almost without exception no own company branding.

Virtually all vehicles have identical equipment features. Only the color of the interiors shows slight differences.

Germany-wide we can therefore offer 15 to 20 upmarket Sprinters for your individual event.

We will also gladly arrange your individual branding. Whether it be a large-scale vehicle wrapping or magnetic signs.

We offer advice according to your wishes and prepare a non-binding quotation including car wrapping and debonding.

OUR LIMOUSINE SERVICE OFFERS LUXURY AND CLASS

Our limousine service stands for discretion, professionalism and comfort.

Together with our partners we offer a wide range of limousines and business vans.

The limousines you can choose from are driven by well-trained drivers.

Our trained personnel offers reliability, flexibility and discretion.

We dispose of a network that covers all of Europe and can therefore provide the desired number of limousines.

Regardless of whether you only need our pick-up service, a transfer or our business travel service – we will get you there safe and sound.

WE CARE ABOUT THE ENVIRONMENT

At Silvervision we set great value upon an environmental focus.

We also focus on environmental awareness; we therefore like to stress that our vehicles have EURO EEV as well as EURO 6 engines.

Of course, we also pay attention to sustainability when it comes to our personnel and our vehicles' equipment.

Our drivers complete an eco training in which they learn how to drive in an environment-conscious way.
